Cable & Wire Harness Assemblies

Mohawk Electrical Systems offers custom, instrument grade precision wiring assemblies, harnesses and molded cable assemblies for difficult applications.

Product Support through life cycle

We meet with your engineering personnel and take pride in our customer service, offering:

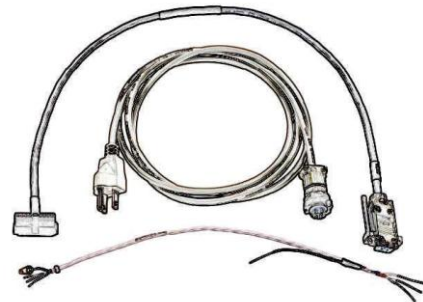

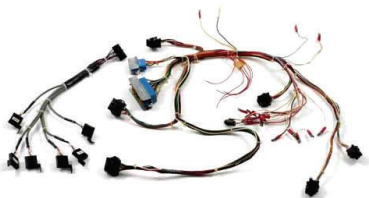

- Design assistance
- Small lot prototype builds
- Zero-defect, lean manufacturing
- Just-in-time delivery
- Ongoing technical support

Cable & Wire Precision Services Include:

Soldering	Wire Cutting
Welding	Crimping
Stripping	Rivet
Assembling	Molding

Mohawk is a manufacturing leader in:

- Printed Circuit Board Assembly
- Resistance Welding/Bridgewire
- Electro-mechanical Assembly

Completed, Ready-to-Use Assemblies

Not just a cable shop, Mohawk can provide ready-to-use completed assemblies for many applications by integrating multiple in-house capabilities and strategic partnerships.
