Mohawk announces 2018 summer shutdown

MILFORD, Del. – Mohawk Electrical Systems, Inc. will close the week of 4th of July for their annual summer shutdown.

Mohawk's plant and office will be closed from Friday, June 29, 2018 and resume operations on Monday, July 9, 2018. Semi-annually, plant operations will shut down for plant efficiency; and to give employees time with their friends and families around the holiday season in both winter and summer.

Any current shop orders or perspective orders needing to be filled before the shutdown need to be submitted to, Jeff Winslow, Marketing and Communications Manager, no later than Friday, June 8, 2018 to make it on to the production schedule. Any orders requests received after June 8th will not be processed until after operations are resumed in July.

Mohawk's winter shutdown will be in late December. An announcement with those dates will be made closer to the winter shutdown.

To make arrangements before the summer shutdown, please email:
jeff.winslow@mohawk-usa.com or call, (302) 422-2500 ext. 101.
